KARIO VOSS

THE DEBUT RECORD

BLACK DENIM LESSONS

Eleven tracks. Streaming free at kariovoss.com

Kario Voss is an AI-created recording artist from A Squared Studios in San Diego. The sound is West Coast TrapRock: a hip-hop foundation, melodic R&B hooks, rock guitar and blues texture, G-funk in the bones, trap drums and deep 808s underneath.

Calm, disciplined, street but not reckless. An old soul with young ambition. Written, produced and creatively directed by A Squared Studios, Black Denim Lessons is the debut record: eleven songs about ambition, loyalty, relationships, betrayal, self-control and growth, told straight.
